

AutoPay: Manage your Regular Inbound Payments

“Receiving funds from our clients on time is a must for a small business like us. We bill our clients €20K on average per month, and we save £760 every month using FTT. That’s £9,120 a year!” Director, Media Company

Streamline your payments

Whether you receive single or multiple currency payments on a regular basis, using **AutoPay** is the ideal solution for handling your exchanges.

Enjoy the peace of mind, knowing that your regular inbound payments from clients or payees will be automatically received, converted and transferred to your bank account without you having to do anything!
